Eurideas Language Experts is based in Brussels, the capital of the European Union. We provide professional translation, localization, editing, proofreading and interpreting services. We specialize in international and EU affairs, as well as in legal, financial, business, medical, chemical, environmental, energy-related and technical translations.

Our qualified and professional linguist team enables us to provide high quality translation, editing and interpretation services.

**MORE THAN 50
LANGUAGES**

LANGUAGES

Our translators are native speakers of their target language. Most of our translators are based in their home countries and their work reflects the living language of the given country.

We provide translation and interpretation services in the following languages:

- 24 official languages of the European Union
- Other European languages (for example): Norwegian, Icelandic, Serbian, Russian, Ukrainian, Turkish
- Other languages (for example): Arabic, US English, Latin American Spanish, Brazilian Portuguese, Hebrew, Japanese, Chinese, Malay, Indonesian, Hindi, Azerbaijani, Kirghiz, Georgian, Urdu, Turkmen, Kazakh, Farsi, and many other languages.

WE WORK WITH EXPERT TEAMS

Our translators are experts of the thematic field they translate. Most of them have worked or completed studies in the relevant field. This way we ensure that our translations are of the highest quality.

EXTENSIVE QUALITY CONTROL

The translation is always done by a translator who is native speaker of the target language and has expertise in the topic of the document to be translated. During the translation project we also localize the translated text according to the target country.

Each translation is proofread by a second translator who is also a native speaker of the target language.

Following the translation process, we carry out a two-step in-house quality check through our QA team, which consists of:

- terminology review, double-check of names and organizations
- formatting the translation(s) to reflect the original source document(s)
- content, consistency and coherence check.

If everything is fine, we deliver the final product to our client.

REFERENCES

We translate websites, publications, brochures, newsletters, reports, press releases and position papers, as well as we provide simultaneous interpretation services during conferences and debates, which are usually organized in the European Parliament, in the Social and Economic Committee, in the Committee of the Regions, or at other venues in Belgium, the UK, France and Germany.

Please contact us for a detailed reference list.
